COMPANY MISSION & VISION

MISSION

PSA is among the few companies with a single minded focus on the specific market with an identified product pipeline for each market in the world. PSA also is of a view to provide superior compliance benefits, enabling shift from "generics" to "super generics" to "branded".

VISION

PERFECTION **S**YSTEMATIC **A**CTION

COMPANY SNAPSHOT

PSA Chemicals and Pharmaceuticals Pvt. Ltd. is Manufacturer and Exporter of finished formulations in the segments of Cardiovascular, Anti-Diabetic, Pain management, Anti-biotic, Dermatology, and most recently into Anti-cancer therapeutic segments. We have more than 400 of our brands registered and we exercise exports to over 35 countries today. We also have excellent herbal products (some of which are US-patented), and extremely effective in their respective therapeutic categories.

With this successful model, PSA works with the ideology of single minded focus on identified product pipeline for each market. Quality of product and its superior packaging are not just our forte, couple this with continual FND as per client requirement and with our ever increasing product portfolio (adding to latest generation molecules), we create an edge and a precedence over the others.

We are proud to say that some of our brands are leaders in their respective therapeutic categories. Established in 1987, we are a positively driven pharmaceutical company with a vast portfolio of product manufacturings and service offerings at a global scale all over the world.
